COVID RESPONSE >

## REOPENING SLOWLY & KEEPING SAFETY A PRIORITY

These times are unprecedented, but when push came to shove, ITK leadership made the decision and ensured that no ITK team member had to worry about lay off or going without pay. We are proud to say that during the peak of the COVID-19 crisis, ITK maintained full pay for all employees, and even brought 6 new team members on board. We remain committed to the health, happiness, and financial security of our employees. As we begin to reopen and get back to work, we will keep the safety of our employees our top priority.

EMPLOYEE SPOTLIGHT >

## CATHY BENNETT

Cathy was nominated by Tim Ostermeyer. Tim wrote: "Cathy has fearlessly jumped into a very technical role and has immersed herself in the material. She is already an expert on our contracts, and brings a much needed energy to our office." Cathy joined ITK in April and has already made a great impact on our team. She has extensive experience in contract management and brings an edge to the ITK team. We are so thankful to have Cathy on board and are proud to have her be the face of the Employee of the Month!

## BENEFITS & WINS

The month of June has ushered in some exciting changes for InfoTek. First and foremost, we are so excited to share that we are now able to offer fully employer funded medical insurance for not only our employees, but their spouses and dependents, too! This change has been a long

time in the making and we are so proud that we are able to take care of our ITK employees like family! In addition to a huge change for our employees and their families, we were also recently awarded a new Prime contract! The ITK team cannot wait to see what the future holds.
